PRECONTRACT APPROVAL RECORD
(PART TWO)

CONTRACT

The services and equipment being procured by this Contract No. _____
EG-400 T. O. 9 _____ are in furtherance of the _____
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

Task Order No. 9 covered fabrication and delivery of printers, titlers, densitometers, rewinds, and enlargers for NPIC.

The final cost audit has been completed and a report thereof has been submitted to the undersigned. There was no residual inventory of Government-owned property as a result of the performance of work under this Task Order. The auditor has recommended for acceptance total cost in the amount of [REDACTED] This cost together with the approved fixed-fee of [REDACTED] results in a final approved Contract price of [REDACTED]

In connection with this settlement there are attached the following documents:

Audit Report No. OSA-4296-65
Contractor's Release
Contractor's Assignment of Refunds, Rebates, Credits, and other Amounts.

All work and services required under the contract have been satisfactorily performed. No inventions were conceived or reduced to practice in the performance of the subject task.
